March 22, 2012 Planning Commission Public Hearing on Permanente Quarry Reclamation Plan Amendment and Environmental Impact Report (File 2250-13-66-10P(M1)-10EIR) POSTPONED

The Santa Clara County Planning Commission public hearing *tentatively* scheduled for Thursday, March 22, 2012 at 1:30 p.m. on the Permanente Quarry Reclamation Plan Amendment and Environmental Impact Report is postponed. **The County will announce a new hearing date by 5:00 PM, Friday, March 23, 2012.**

The hearing is postponed because the Santa Clara County Planning Office and its environmental consultants require additional time to review, analyze, and prepare response to the public comments that were submitted on the Draft Environmental Impact Report (DEIR) prepared for the proposed Permanente Quarry Reclamation Plan Amendment. The public comment period closed on February 21, 2012.

The proposed Reclamation Plan Amendment, the Draft Environmental Impact Report, and all comments on the DEIR, both verbal and written, are posted on the Planning Office web page at <http://www.sccgov.org/portal/site/planning/agencyarticle?path=%252Fv7%252FPlanning%252C%2520Office%2520of%2520%2528DEP%2529&contentId=c012cb72c3cd4110VgnVCM10000048dc4a92>

Additional information regarding the project is also available by reviewing the file at the Planning Office located in the East Wing, 7th Floor at 70 W Hedding Street, San Jose, CA 95110.
